Parades highlight Labor Day events

Rain on Sunday marred celebrations in Frankfort and Romeoville, but their parades and Lemont's Keepataw Days parade under sunny skies Monday still were acclaimed the highlights of the three week-end celebrations. Turn to page 3 of this week's Southwest Graphic for pictures of Keepataw Days and to page 17 for Romeoville and Frankfort.

Keepataw Days: 'Best ever'

LEMONT -- Whirling rides, carnival barkers and snappy marching units blended together Monday into what numerous sources termed the "Best ever" Keepataw Days.

A highlight of the parade and of the mid-way afterward was the A. R. McAllister Memorial Band, national champion of American Legion bands for 19 years. The group expectedly took first prize for professional bands in the parade and played an hour-long concert on the midway.

Their medley of marches, patriotic songs and other band music drew several stand-

ing ovations from the few members of the audience with chairs. After the performance band members were congratulated by listeners and received several donations.

Another highlight of the parade was the Crest Hill Lassies, a girls' drill team. Dressed in Scottish uniforms, the girls performed precision marching, flag and rifle drills to win them the trophy for the best color guard and first place in the combined category of drill teams, marching units and baton twirlers.

Other winners in the parade were: Plainfield High School, best high school band;

Nisei Envoys Drum and Bugle Corps, best drum and bugle corps; Ludwig Grade School, best grade school band.

St. Andrew's Church of Romeoville, third place in non-professional floats; Romeoville Jaycees, second place; Lemont Jaycettes, first place.

Totura's Food Market, third place in professional floats; Lemont Chamber of Commerce, second place; Lemont businessmen, first place.

Romeoville Jaycees, best decorated auto; Hoppin' H Ranch, best horse-drawn unit; D & M Motors, best comical unit; Cathy

Cullnan, best horse and rider.

Great Lakes Training Band, third place in drill teams, marching units and baton twirlers; Joliet Precisionettes, second place; Crest Hill Lassies, first place; Milwaukee Continental Band, second place in professional bands; A. R. McAllister Memorial Band, first place.

Other Keepataw Day events attracting many visitors were the St. Patrick's Mothers Club ice cream social and barbecue dinner on parish grounds and the Lemont Historical Society's exhibit in the Old Stone Church, 306 Lemont St.

Church dedication Sunday

LEMONT — The United Methodist Church of Lemont will hold the services and activities for the dedication of their new church at 25 W. Custer Sunday. The activities for the day include a morning worship service, a coffee hour, the afternoon consecration service and an open house.

The morning worship service will be at 10 a.m. with Bishop Thomas M. Pryor, Bishop of the Northern Illinois Conference of the United Methodist Church, preaching a sermon entitled "Afraid of What?". He will be assisted by Rev. Don C. Leo, minister of the Lemont Church.

Music for the service will be provided by both the junior choir under the direction of Mrs. Owen Cluts and

the senior choir under the direction of Mr. Alderman Dystrup.

After the service, the women of the WSCS will serve coffee and rolls in the fellowship hall.

The actual consecration service will be at 3 p.m. The Rev. Eugene Wykle, district superintendent for the Aurora District, will preach on "Choosing our History". He will be assisted by Rev. Leo. Music for this service will be provided by the senior choir.

Open house will follow the consecration service for all of the residents of the community and friends of the church.

The building project began with a ground-breaking ceremony on September 29, 1968. Occupancy of the build-

ing for worship services took place on February 22, 1970. The new building, built at the cost of approximately \$234,000 replaces the Old Stone Church on Lemont Street, which currently is being used by the Lemont Historical Society. The new building contains about 3 times more space in worship area, fellowship area, and Sunday School classrooms than did the old church and Sunday School building combined.

The architect for the project was Mr. George Lindstrom of Wheaton. Construction supervisor was Mr. Harold Stephen of Glen Ellyn. Walter Tedens, long-time member of the church, was Chairman of the Building Committee. Land for the church was the gift of Dr. and Mrs. Bruce Brown.

Teachers select AFT as bargaining agent

LOCKPORT — The Lockport Local 1291 of the American Federation of Teachers is the new bargaining agent for the teachers in High School District 205.

The AFT, whose president is Richard Manley, polled 147 votes in last Thursday's election, compared to 29 votes for the Lockport Teachers' Organization.

The election was conducted by the Lockport Women's Club, acting as a disinterested party.

Manley said, "We're happy that so many teachers expressed confidence in the AFT. People say that teachers today are apathetic. That's just not so. A very large percentage of our staff voted."

In response to a question about what will happen now and if there is the possibility of a rumored teacher's strike, Manley replied, "Jim Szczepaniak, the chairman of the Welfare Committee, will begin to formulate a list of negotiable items, to be inserted into the con-

tractual agreement. Some of the items are class size, a workable grievance procedure, and a clarification of this 4½ percent the board has been throwing around."

Asked to elaborate Manley said, "Four and a half percent of what? Base salary or the salary we made last year? This is a discriminatory offer. The teachers at top will not get anything, unless the base goes up."

(Manley referred to the board's offer to pay the teachers based on last year's contract, until a new one can be negotiated. Teachers, with the exception of those at the top and new staff members, would receive a 4½ percent increment by moving up one step.)

Although Manley did not comment on an impending strike he did say "I'm sure the board is quite aware of salary increases for teachers in other schools in the area. I can't believe the board will buy the teachers off cheap. I would hope that they feel the people they have

hired as teachers in District 205 are worth as much as the teachers in surrounding communities."

William Brill, board president, said he would not debate some of Manley's "negotiable items." He added, "We can prove that our salary schedule, with the exception of the base, is more attractive and rewarding than other districts in the area."

As to the 4½ percent, Brill explained the teachers say it was not an increase, but an increment, written into the most recent contract. Brill reasoned, "If you make \$10 today and \$2 more tomorrow, that's an increase." He added it was true those at the top of the lanes would not be compensated, except by longevity.

Last May, the AFT elected a slate of officers for two-year terms. They are Richard Manley, president; James Szczepaniak, first vice president; Charles Wyne, second vice president; Jerry Wessel, secretary; and John Wilson, treasurer.

Residents protest rate increases

By LOUISE SCHALLER

ROMEOVILLE -- Residents of Romeoville protested a water rate increase by presenting petitions with several hundred signatures to the village board on Wednesday, Sept. 2.

The water rate increase pertains only to residents who receive water and sewer service from Alexander Utilities. Robert Kennedy, spokesman for the group, said the raise would double the present bills.

Board members assured the protestors that the village has entered an official objection with the Illinois Commerce Commission and have requested notification of the date of the hearing. Water rates cannot be increased until a hearing is held.

The trustees are still accepting crossing guard applications. The rate is \$3 per day, and \$4.50 for those who guard crossings three times a day. Applications are to be made with the police and fire board.

William Meyers, treasurer, requested permission to invest \$30,000 in treasury bills. Permission was granted by a unanimous vote.

Meyers also reported he sent Alexander

Construction Company a letter requesting a check in the amount for \$3,837 to bring an escrow fund to \$15,000.

The fund, established at the request of the previous administration, requires that \$15,000 be kept in escrow to insure payments to the engineer for inspecting various public improvement by Alexander, such as sidewalks, sewers, etc.

At the time, Alexander challenged the village's authority to require such a fund, but the board's decision was upheld by the court.

In other business, the board awarded bids to F and W Roofing for \$800 for roof repairs at the Civic Center; to D and M Motors, two pick-up trucks at \$2,705 each and a heavy duty truck with snow plow and dump body at \$9,244.

A fair housing ordinance was presented to the board members by Don Trinko of the Human Relations Board. The document will be referred to the village attorney.

Trustee Harry Betzel, chairman of the building and grounds committee, was authorized to seek bids on 24 folding chairs.

The board's next regular meeting is Sept. 16 at 7:30 p.m. in the Village Hall.

Musicians were rehearsing in the parade area.

answers your
Insurance Questions

Insurance agents keep talking about the need for bigger limits in liability insurance coverage and tell about big damage awards to justify it. Is that true or is it just a good sales talk?

It's only too true. Some of the damage suit awards are so large as to seem almost fantastic and the lower limits in liability insurance no longer give adequate protection.

Mokena police replevin case should wind-up on this date

MOKENA — Hearing on the writ of replevin obtained by the Village of Mokena in an endeavor to take possession of equipment purchased by the Mokena Police Association, got underway last Thursday afternoon and will finish today (Sept. 9) with testimony by the defense.

The plaintiff rested its case at 4:30 Thursday afternoon and Magistrate John Jaworski continued it until 9:30 a.m. this Wednesday.

By stipulation between the parties the ISPERN radio, which is the property of the state of Illinois, that was included in the list of items on the writ, has been excluded from such list and the court has ordered that it be turned over to the authorized agency of the state police. The unit had been installed in the personal car of former Mokena police chief, Wayne Ryder, which was also used as an auxiliary police vehicle. The radio was removed from the car recently with Ryder's consent but remained in his possession until there was a ruling by the court.

The first witness called for the village was Kenneth Warning, a member of the board of trustees and the police and finance committees. He testified that he was familiar with the expenditures in behalf of the police department and with its assets. He said that the equipment covered in the writ had been purchased by the Mokena Police Association, that no village funds were used for the purpose nor did the village board have any voice in the selection of equipment to be purchased.

He testified, however, that the village board did include this equipment under its insurance coverage and it was brought out that the Police Association had no insurance of its own.

Harold Fitch, acting temporary chief of the Mokena police department testified that on Aug. 19, 1970, he was elected president of the newly organized Mokena Police As-

sociation. There are three members, himself, Leonard Robbins, who was elected secretary treasurer, and David Keller, who was named a part-time policeman after Ryder and four police officers and three radio operators resigned on July 21.

Fitch testified that it was

his belief that to be a member of the Mokena Police Association one had to be a member of the police department of the village and if one wasn't a policeman then he could not be a member of the association.

He testified that he attended a meeting of the older

Mokena Police Association which was held in Ryder's home on Aug. 20. He testified that he did not participate in the meeting nor vote on any of the measures brought up for consideration. It was brought out that the original association had no written by-laws.

We have 14 special phones for the handicapped.

The number isn't important. But the variety is. Because it means that more of our customers can use their telephones comfortably and conveniently.

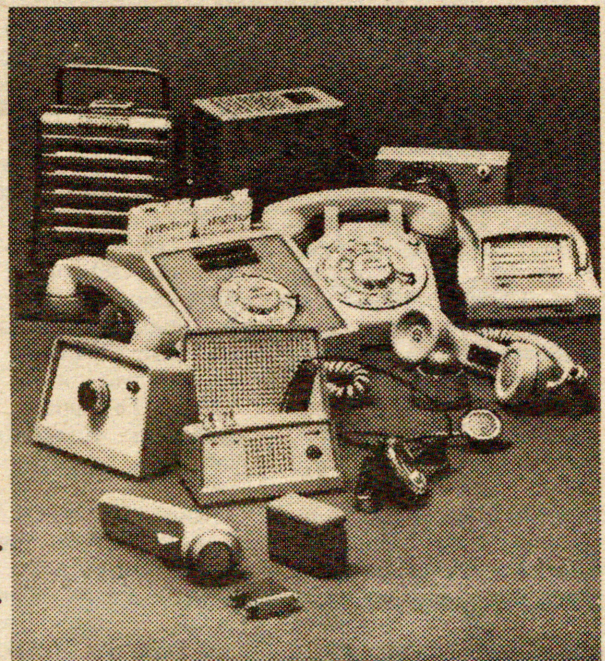

Illinois Bell has developed a wide range of special services and equipment to help handicapped people communicate.

We've designed phones with signals you can see to replace the telephone bell for the deaf...volume control phones for the hard-of-hearing...and even an electronic larynx which permits people with impaired vocal cords to talk over the telephone.

Some of our regular equipment—like speakerphones and automatic dialers—can help people who are blind, paralyzed or bedfast.

And if a customer has a special problem, our engineers will do their best to design special equipment.

But there are some problems we haven't even heard about. So if you know someone who has a physical handicap which interferes with his use of the phone, please call us at 727-4421. Or call collect from the suburbs. We want to help.  Illinois Bell

Avoid harvest mishaps

With harvest time approaching, officials of the Will County Farm Bureau urge farmers to remember that harvest time can be a dangerous time.

Statistics show that the farm accident rate jumps sharply at harvest time. An accident can cost more than time or money--it can cost one his life.

So this is a good time to get one's harvest equipment in shape. Doing it now can save one time and money later on, and having equipment in good condition can prevent serious accidents.

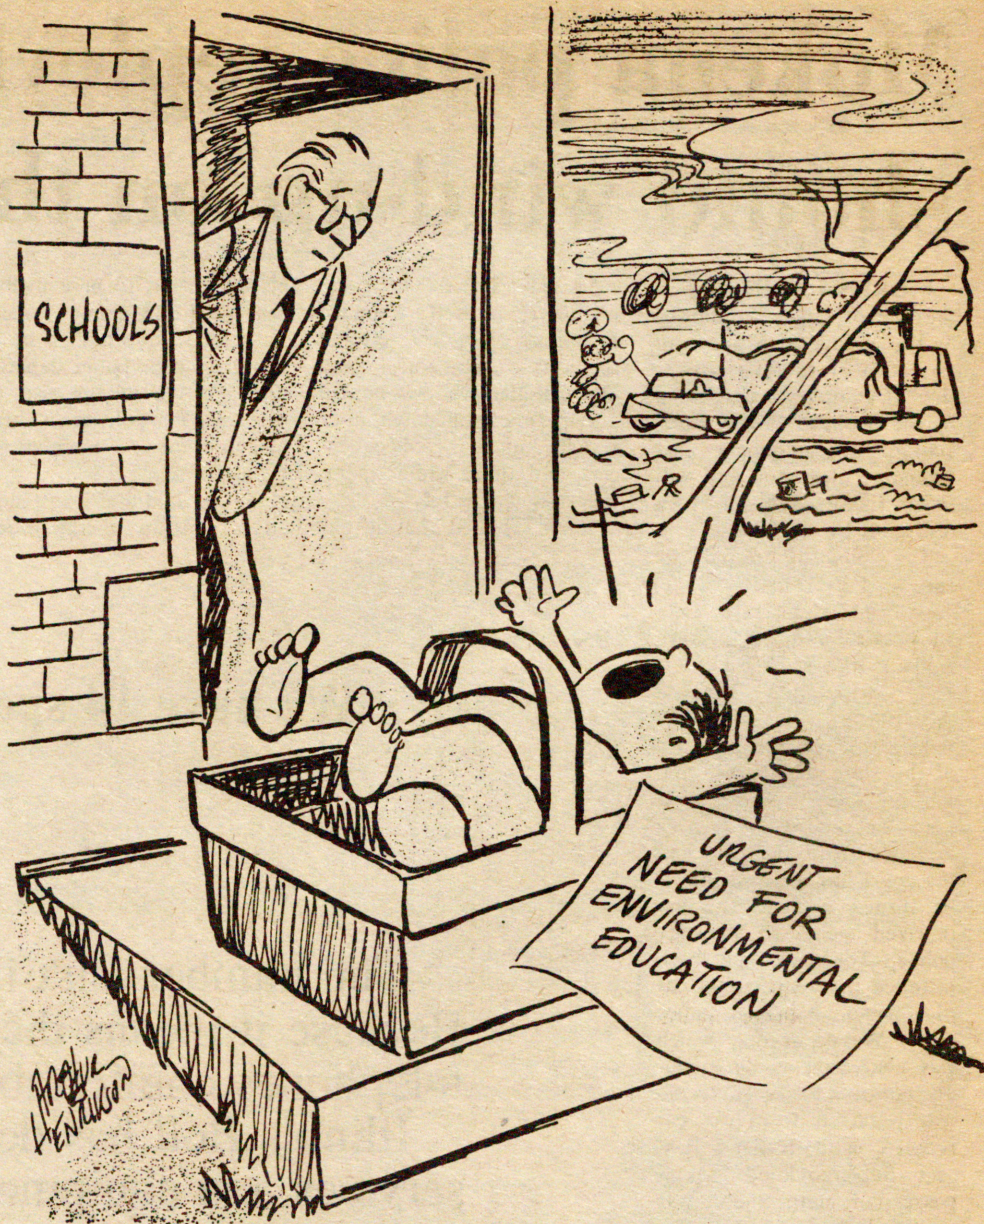

Farm Bureau officials suggest that farmers make repairs and adjustments before heading for the fields this fall.

They emphasize making sure that all belts, gears, shafts and snapping mechanisms are in good working condition.

They also stress the importance of seeing to it that all moving parts have proper shields and guards in place at all times.

Says George J. Young, assistant extension adviser to those engaged in farming:

"If you will be using a new piece of harvesting machinery for the first time this season, be sure you know how to adjust and operate it properly. The time you take now can help make this harvest season accident-free."

Letters to the Editor

Dear Fellow Citizens:

The Ann Rutledge School Board met on August 12. Those not in attendance were Mr. Ed Kuchan and Mr. Ed Fields.

The School Board continued to borrow money between accounts as the tax receipts from the county are being received quite slowly and the money received must be used to pay old debts first. From the working cash fund \$600 was transferred to the Educational Fund and \$200 to the Building Fund so that bills for August might be paid. The registration was proceeding well, Mr. Willson reported, with some new children being enrolled.

The board then entertained ideas for keeping students and teenagers off the roof of the school in the late evenings. This summer sky lights were broken and lights were broken or removed from the roof on several occasions. The broken sky light is being replaced with metal plates.

The teacher policy and student rules were then presented to the board by the committee. Board committee members, teachers and Mr. Willson have been working on these policies all summer. The adoption was postponed to allow interested citizens, teachers and school board members an opportunity to read and make comments at the next meeting.

A suggestion for a 40 minute lunch period for first through 4th grades was adopted.

Rules for student conduct will be passed out at time of registration.

The Red Hand will be explained to students by teachers on opening day of school. A thank you is extended to Mrs. Dennis Wheeler and those who worked with her in establishing this worth while project.

The Special Education meeting report of July 21 was submitted. Mr. Willson attended from our school. The next meeting will be on August 18 at Lincoln-Way.

A motion to adopt levy was passed.

after the ratification of adoption of the budget.

Milk bids were submitted by Dixie Dairy, Weber's and Dairy Farm. Dairy Farm was the lowest bidder and was awarded the milk contract for this school year.

It was at this meeting that Mrs. Fahner was hired to teach the third grade. Mrs. Fahner lives in Joliet and is a graduate of St. Mary's College, Notre Dame, Indiana. Mrs. Fahner has taken additional courses at St. Francis College in Joliet and at Joliet Junior College; she completed her student teaching in Joliet this summer. It was erroneously reported in this paper that this teacher was hired two weeks ago.

A full time secretary was hired for the school. This secretary will help supervise lunch, aid teachers by doing typing for them and work for Mr. Willson. Mrs. Roy Robertson was hired at a salary of \$3000. The board voted unanimously with Mr. Robertson abstaining. The job will coincide with the school year.

The Life Safety Code survey was completed but the report has not yet arrived.

Mr. Larry Tompkins had been hired to mow the school grounds and was to be asked to mow before the beginning of school.

The glass at Ann Rutledge has been replaced by wired glass as needed to comply with student safety.

The next school board meeting is scheduled for September 9.

Sincerely,
Howard R. Bluth

Abortion.

What's the first word that pops into your mind when you hear that word? Illegitimate? Illegal? It is probably one of the two. But neither is particularly applicable today. Today, abortions induced by artificial means are not illegal in all states. And, not all women seeking abortions are faced as an alternative of bearing an illegitimate child.

The only requirement actually necessary to abort naturally or to have an abortion by artificial means is that the woman must be pregnant and the term of pregnancy should be 12 weeks or less.

So the word-association should be pregnant.

Females in this condition range in age from younger than they wish they were up to older than they thought possible. Most when learning of their condition experience a feeling of happiness.

But, there are those who for one reason or another are not happy when they learn they are pregnant.

And, a portion of these women have since the beginning of time searched for a means to terminate the pregnancy.

Some have failed to find a means; others have aborted themselves or found a person engaged in the illegal abortion business and bought themselves an illegal abortion.

These women, acting in desperation, have risked

their lives knowingly in taking one of these actions. Many have done so with full knowledge and cooperation of their parents or husbands. And, a lot of just plain unlicensed quacks have gotten rich.

TODAY, I learned, it is not necessary to go underground for an abortion. In the mail I received a copy of a mailing which the Abortion Counseling, Information and Referral Services, 160 West 86th Street, New York, New York, has sent to all professional people in the U.S. and Canada. These professional people include obstetricians, gynecologists, psychiatrists, general surgeons and general practitioners.

THE SERVICE, according to the flyer, is the only national, private agency offering aid to all women seeking safe, legal hospital abortions at reasonable costs.

The service refers women to "those hospitals and hospital-associated clinics in New York City and New York State which are making abortions available routinely and without delay, in the compliance with the highest standards of medical practice."

"A woman who registers with this agency will be guaranteed a bed in a fully licensed and accredited general hospital, as well as an available Board certified gynecologist... cost is up to \$900 or more..."

And, "we do stipulate that

a woman have an internal examination and necessary laboratory tests administered by her own physician, and, if possible, that she bring with her a letter summarizing the results and stating that there are no contraindications, for the benefit of the doctor who is to perform the operation."

The service does not practice medicine. Its files are kept confidential. John Alden Settle Jr. is the executive director, the telephone number manned seven days a week from 8 a.m. to 10 p.m. is 212-873-6650. It is legal.

THE ONLY WORD I've not mentioned so far that you might have associated with abortion is immoral. If this is your association, the world and this service respects your decision.

"We also give counseling on the practical alternatives to abortion and refer women to prenatal clinics, homes for unwed mothers, adoption services, social welfare agencies, psychiatric counseling services and other sources of aid," Settle states.

Thus, although the Illinois Legislature has failed and will fail again to recognize any problem and feels compelled to keep on its books an anti-abortion law, other states today are giving women the right to make a choice.

It is today a matter that can be settled between a woman and her physician, if the interested woman has a physician here who will refer and if she has the money.

Back-to-school snacks

SOUTHWEST - It's the middle of a fall afternoon, the back door slams, the books flop on the kitchen table, and the call goes out: "Mom, what's to eat?" A familiar scene? Well, you're all prepared if the cookie jar is full and the refrigerator is well stocked with milk and fresh fruit.

If not, perhaps it's time for a brushup on your family's snack time habits. Snacks form such an important part of the food that

builds our children and teens that they should make a contribution to good nutrition in the same way that regular meals do.

You're in luck if you like to bake -- it's easy to find cookie recipes that have plenty of nutrition bonuses -- ones that contain, for instance, the cereals not frequently found in purchased snacks. Honey Cereal Cookies are a good example; a batch of these easy and delicious cookies made with

cereal will fill your biggest cookie jar -- but not for long.

Another cookie that's a good after-school "muncher" is Monogram Crunchies, an easy no-bake recipe. These colorful bars are made with alphabet oat cereal and fruit flavor gelatin, and will help speed any homework assignment on its way.

Honey Cereal Cookies

2 cups sifted all-purpose flour*

½ teaspoon double-acting baking powder
1 teaspoon baking soda
½ teaspoon salt
1 cup butter or other shortening
½ cup firmly packed brown sugar
¾ cup granulated sugar
½ cup honey
1 egg
2 cups crisp whole wheat flakes
2 cups honey-flavored puffed wheat
1 cup flaked coconut

*Or use 2¼ cups sifted cake flour.

Sift flour with baking powder, soda, and salt. Place butter, sugars, honey, egg, and flour mixture in a large mixing bowl; blend well. Add cereals and coconut. Mix thoroughly. Drop from teaspoon onto ungreased baking sheets. Bake at 375 degrees for 8 to 10 minutes, or until golden brown. Let stand a few seconds before removing from baking sheet. Cookies will become crisp when cold. Makes about 8 dozen.

Monogram Crunchies

½ cup light corn syrup
¼ cup sugar
1 package (3 oz.) fruit flavor gelatin, any flavor
5 cups alphabet oat cereal

Combine syrup, sugar, and gelatin in a saucepan. Stir over low heat until sugar and gelatin are thoroughly dissolved -- about 2 or 3 minutes.

Place cereal in a bowl. Add gelatin mixture; mix well. Press mixture firmly into buttered 9-inch square pan with the back of a moistened spoon. Chill to set. Cut into squares to serve. Makes about 3 dozen squares.

This may be just the kick in the pants you've been waiting for.

Nobody has trouble writing checks and making deposits. The trouble comes later, at the end of the month, when you have to figure just how it all adds up.

That's when you decide how well you are doing. Whether you're ahead of the game or behind. What happens then determines whether it's you managing your money, or your money is managing you.

It can be a terrible time of the month.

That's why we've introduced Topline, a new and simpler kind of bank account.

Topline combines your three basic banking accounts into one unified account. Your checking, your 4½% savings and your 5% Golden Savings account are all under one number. And they're reported to you monthly (including

monthly savings interest payments) on one unified statement.

That means without any extra bookkeeping you can see where you stand, month by month.

The information is stated in such simple terms, that if you don't like what you see, it's usually pretty obvious what you can do to change it.

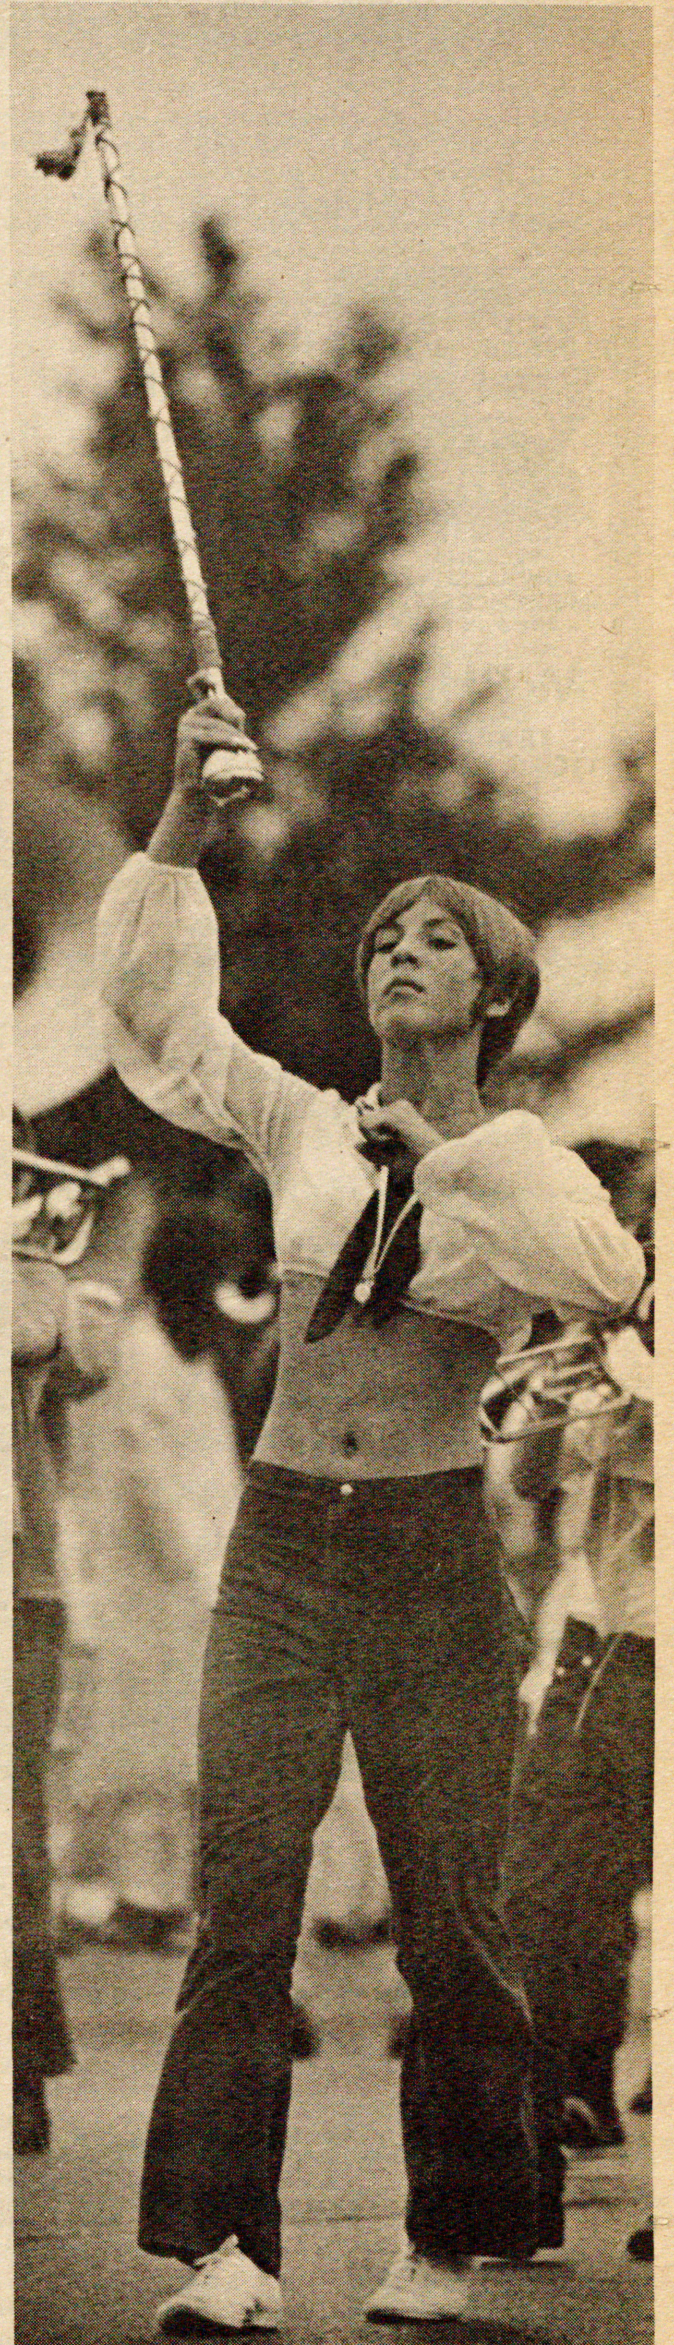

Topline could be worth extra money to you in the long run. In the short run, it could get you started on some solid, family financial planning.

Frankfort woman dies in two-car collision

FRANKFORT — Mrs. Barbara Jean Landrey, 36, of 600 Willow St., in the Connecticut Hills section of Frankfort, was killed around 4 o'clock last Thursday afternoon in a two-car collision at Nebraska St. and U.S. 45 in Frankfort.

According to the report of Police Chief A.T. Massey, Mrs. Landrey was traveling north on U.S. 45 in a Volkswagen. A car driven by Mrs. Patricia McGuire, of 546 Linden Lane, which had also been heading north, was halted at the Nebraska St. intersection. Mrs. McGuire was waiting for a couple of southbound cars to pass so

she could turn west on Nebraska.

The report states that the left front of Mrs. Landrey's car struck the right rear of the McGuire car.

Mrs. Landrey was pronounced dead at the scene and Deputy Coroner Eugene Gerardi took charge of the body. Mrs. Landrey's 6-year-old son, Jack, was taken to the Hedges Clinic for treatment of injuries. Mrs. McGuire appeared to have escaped injury but later she went into shock and was taken to Silver Cross Hospital but was released after treatment in the emergency section.

Mrs. Landrey has four other children besides the boy who was with her.

NEW LENOX — Funeral services were conducted last Saturday for James Walters, 28, guidance teacher at Oakview School, who was killed Aug. 26, in a two-car collision at the intersection of Cedar Rd. and U.S. 6.

The funeral service was held at Colchester, Ill., with burial at Macomb.

The crash took place at 12:05 p.m. Mr. Walters, who resided at Route 4, Lockport, was on his way home from the school for lunch. According to state police, he was driving north on Cedar Road when he pulled into the highway in the path of a car driven by Martha Jane Craft, 16, Normandy Lane, Mokena.

Martha and her two brothers, who were passengers in the car, Lamar, 15, and Steven, 13, were taken to Silver Cross hospital, their destination. They had been to Lincoln-Way High School that morning and were headed for Silver Cross to see their mother, Mrs. James (Barbara) Craft, who underwent major surgery recently. The three are reported recovering.

Mr. Walters had been with the New Lenox school system for three years. Before coming here in 1967, he taught for three years in junior high school at Table Grove, Ill.

Besides his wife, Dorothy, a former teacher, he is survived by two sons, Alan, 2, and Kevin, 9 months, and his parents, Mr. and Mrs. Max Walters, of Edmund, Okla.

Funeral services for Mrs. Landrey were conducted Tuesday morning at 9:30 from Frankfort Com-

munity Chapel to St. Mary Church, Mokena at 10:00. Interment was in Elmhurst Cemetery, Joliet. Visitation was Monday night.

A brother, Kenneth Hoy, resided at Crestwood.

Summer reading group closes at Frankfort

FRANKFORT -- With the advent of school all summer activities come to a halt. To the Frankfort Public Library this means the end of the summer reading program.

Librarian Arlene Santoro reported that the students this year have participated in the most successful program in the history of the library. Sixty-three students entered the program which consisted of a rigorous schedule of reading during the 31 days of July. Sixteen successfully completed it and 10 did so with high honors.

Mrs. Santoro explained

that the theme of the program was "stretch your imagination" and the requirements were to read books of fiction that had not been read before.

"The idea of the program is not simply to have a large number of children read a certain quantity of books, but to lead them to read books they might not, normally choose.

This expands their scope of interest and is our goal. It is also a help to them to gain practice in the communication of ideas which develops as they comment on the books they have read."

Constitution week proclaimed

SOUTHWEST -- Gov. Richard B. Ogilvie has proclaimed Thursday, Sept. 17 as Citizenship Day and Sept. 17 through 23 as Constitution Week in Illinois. Joint resolutions by the Congress of the United States designated the dates for annual national observances in the 1950s.

In his proclamation the governor said:

"Recent events indicate a pressing need for more widespread knowledge and understanding of our Constitution, adopted 183 years

ago, and its Bill of Rights. The week commemorating the anniversary of the signing of the Constitution that established our sovereign Union is a most appropriate time to conduct such educational programs."

He urged Illinoisans to join in appropriate observances to increase appreciation of our Constitution and of the rights and responsibilities of United States citizenship.

A cork tree is productive for about 150 years.
